

PERMISSIVE ACCESS

This spectacular permissive bridleway links to a public right of way to offer a 3km loop along two Cambridge landmarks. Enjoy the wildlife and scenery of the Bourn Brook along the northern section of the loop. The loop's southern section is adjacent to a former railway line, which in recent decades has been the site of Cambridge University's imposing array of travelling radio telescopes.

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes as managed by Natural England, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Countryside Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends on 31st July 2019.

For access related queries please call the Environmental Stewardship Permissive Access Team on 0300 060 1114 (Office Hours).
For all other Defra related queries please contact the Defra Helpline on 08459 335577 (Office Hours).
